Communication At EHPS

At EHPS we use a number of methods to communicate with our parents and families.

Audiri is our main source of communication for parents about school. We provide reminders, updates, and copies of notes etc. It is free to download for Apple or Android users.

The Facebook logo, consisting of the word "facebook" in white lowercase letters on a blue rectangular background.

Our School Facebook page is used to provide reminders, flyers, advertise events within the school and is where we share photos of our events and activities.

Our P&C also have a Facebook page.

School Bytes

Our school uses School Bytes as our method for permission and payments for school activities. Communication is sent to families through email, so it's important that your email details are always up to date. When an activity occurs, families will receive an email that provides information about the activity, parents permission is signed digitally and payment can be made directly through the link on the email. Paper copies can be provided upon request.

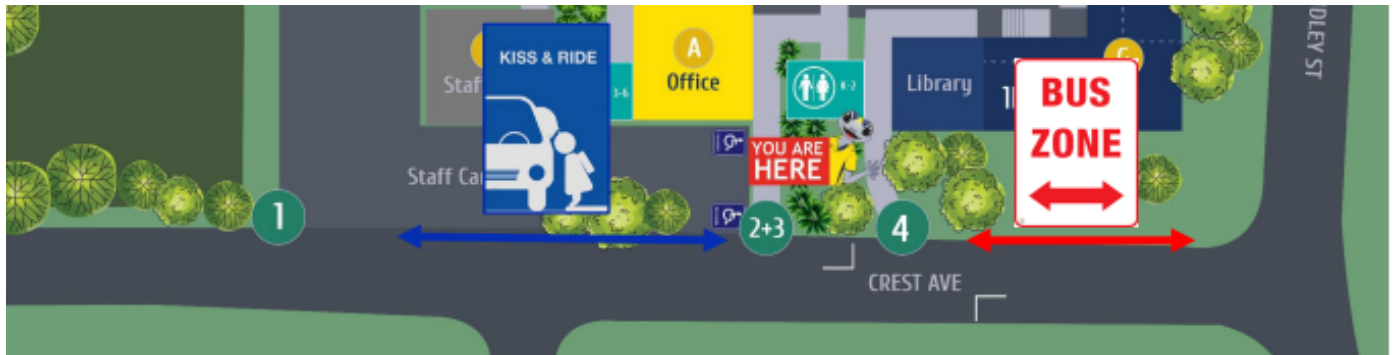

Seesaw is an online communication platform. Classroom teachers use it to showcase student work and achievements. This is not a two-way communication system.

EHPS Reading Gems

Reading Gems are a whole school home reading program. It allows students to build fluency, comprehension, word-solving and a love of reading in a supportive environment.

Students log 25 nights reading or being read to at home. Every 25 nights that are logged students are acknowledged with an award, gem sticker (goes onto the class bag) and students 'level up' to the next gem.

They can read as many books in one night but only the one night is logged.

Library and Technology

At EHPS students engage with future focused learning outcomes in a supportive environment that utilises progressive teaching techniques to engage every student. Students visit the library weekly to explore and engage in hands on activities that support knowledge construction. Technology is incorporated to enhance all student's learning experiences and equip them with necessary skills as a 21st Century learner. A variety of STEM (Science, Technology, Engineering & Mathematics) activities add to students authentically utilising technology in the classroom and in connecting to real word learning.

Library Borrowing

Each week students will have the opportunity to browse our library collection and borrow. Students are able to borrow up to 4 books weekly. A library bag is required to borrow. The Library is open during some of the breaks during the week for students to borrow books or engage with technology.

The Edgeworth Heights P&C Association is a not-for-profit organisation which was established to promote the interests of the school. The P&C is an important parent voice that supports school decisions and directions. Parents, citizens and teaching staff come together to plan how the P&C can assist the school and students through fundraising or decision making. In partnership with the P&C we promote the learning and wellbeing of the students at our school.

Membership

Membership of the EHPS P&C is open to all parents and carers of students attending the school and to all citizens connected to the school. The P&C is always eager to welcome new members.

Annual membership is \$1.00 which entitles you to be involved in the decision making of the P&C Association. You are still welcome to attend meetings without becoming a member and membership is not required for you to volunteer in the canteen or at fundraising events.

Meetings

Meetings are held on the second Tuesday of each month @ 6pm – usually in the school library.
